RE: Public Information Meeting; Lake Ave. Transportation
Improvement Project.
C. Ladysmith, Lake Avenue
STH.27 to River Road

A public information meeting is being held to discuss the pending transportation improvement project: C. Ladysmith, Lake Avenue, STH 27 to River Road, Rusk Co. Wisconsin. Project No. 1580-31-00(71).

The meeting will be held from 4:00 pm to 6:00 pm Tuesday September 20, 2016 at the City of Ladysmith council chambers at 107 W. 2nd St. S., Ladysmith, WI 54848.

The meeting will be an informal question and answer session with WisDOT staff no formal presentation is planned.

The project under discussion begins at 8th Ave. W. and ends at River Road. The project concept includes grinding approximately 1" of existing concrete and overlaying it with 3.25" of HMA pavement. Incidental to the project are improvements to curb ramps at most corners within the project limits. Signing, pavement marking and other items necessary to complete the work will be included. In the process we will need to purchase right-of-way for curb ramps and other items.

We particularly encourage adjacent property owners and public officials to attend. Your concerns are very important to us.

In the event other interested parties were not notified, please forward this information.

Sincerely,

A handwritten signature in cursive script that reads "Michael Pearson".
